EDUCATION

2024-2027

FPT HCM UNIVERSITY

Artificial Intelligence

SKILLS

- Python and MySQL
- Relational database
- Photoshop, Indesign, Illustrator
- Entry-level model training

PERSONAL STATEMENT

I am an AI major student, passionate, eager to learn, and always ready to embrace new challenges.

Alongside my knowledge in artificial intelligence, I also have graphic design skills that enhance my creativity and ability to present ideas visually. I am seeking an internship opportunity to grow, gain hands-on experience, and contribute value to the organization.

WORK EXPERIENCE

University project

- Create and design relational database for website
- Analyze and collect website data
- Create ERD and relation model
- Program database and trigger function
